ABOUT

our glamour portrait

Hi, and welcome to Portraits By Linda, your glamour portrait studio based in West Branch, MI. We offer sessions that put you in the best light (pun intended) and make you feel -- and look -- like not just a million bucks, but a billion bucks. Maybe even a trillion bucks? Yeah, we're going there.

Before you get any strange ideas... no, these aren't the over-the-top glamour shots featuring giant feathery hair and soft filter effects a la your 1980s mall. These are professional, stunning, thoughtfully crafted images that simply capture your true beauty and essence.

Some wonder what the point of glamour photography is, and to that, we have a few answers. On a strictly utilitarian basis, glamour photography is ideal for any woman who needs flattering head shots, be they for auditions, business cards, a website, marketing, or even social media. Glamour portraits can also be taken just for fun (or for a special someone). I mean, who doesn't love to get pampered, primped and posed in front of the camera?

From head to toe, we work with you to ensure your personality and beauty are brought to the forefront. Your glamour portraits include a full makeup application with a makeup artist, magazine-worthy hair crafted by a hair stylist, and in-depth wardrobe consultation. As for the set, we shoot both in studio and on location depending on your needs.

Through these next few pages, you'll learn more about our studio and what we offer. Don't hesitate to reach out with questions, comments or just to say hey. We're looking forward to hearing from you!

FREQUENTLY ASKED QUESTIONS

I've never done photos like these. How do I know how to pose or what to wear?

Fear not! Part of what you're paying us for is our expertise. We know exactly how to pose and position you to make sure you look nothing short of stunning, so simply follow our guidance on the day of the shoot and you'll be smooth sailing. As for what to wear, we'll talk to you about that before your session, and will provide you with tips, tricks and thoughtful advice for finding the most flattering clothes and accessories for not just your body, but the overall set and vibe of your portraits.

I'm interested in booking with you. How do I schedule a session?

That's easy! All you have to do is call us at 989-345-1978 or email us at linda@portraitsbylindaonline.com. We require a 25% deposit to lock in your session, and the remaining fee is due two weeks before your session.

Do your glamour portrait packages include hair and makeup?

Absolutely! It wouldn't be a proper glamour portrait session without a hair guru. You'll consult with her to come up with a beauty game plan that pulls out your best features. It's all about amplifying your beauty and showcasing your personality.

Do you do airbrushing and other touch ups?

Our ultimate goal is to showcase your true beauty. Like many photographers, we do touch up and edit images in our post-processing. That said, we're not going to change the shape of your eyes, completely eliminate wrinkles or make you unrecognizable. However, we do touch up the skin, tame fly aways and, in general, make you look like the best version of yourself.

Do you shoot in a studio or outdoors?

Both, actually. Sometimes glamour portraits call for an indoor studio session, while other times the great outdoors makes for some gorgeous shots. Ultimately, these sessions put the sole focus on you and your beauty, so either way we use almost zero props (accessories do count as props) and really zone in on your face.
